Introduction	<i>xv</i>

Chapter 1 Overview..... 1

What Is a Game Engine?	<i>1</i>
How This Book's Game Engine Project Differs	<i>3</i>
Starting at the Beginning—Defining a Few Primitives	<i>5</i>
Interfaces: The Integration Contract	<i>7</i>
Process Flow Overview.....	<i>11</i>
Developer Splash Screen	<i>11</i>
Game Splash Screen	<i>12</i>
Presenting the Options	<i>13</i>
Playing the Game	<i>13</i>
After Action Review: Player Scoring	<i>14</i>
Looking at the C# Code	<i>15</i>
Summary.....	<i>28</i>

Chapter 2 User Interface..... 29

Getting Keyboard Input	<i>29</i>
Getting Mouse Input	<i>31</i>
Getting Joystick Input	<i>32</i>
A Unified Input Interface	<i>34</i>
Drawing Splash Screens	<i>38</i>
Drawing Option Screens	<i>42</i>
Developing the Console	<i>53</i>
Pulling It All Together	<i>70</i>
Summary.....	<i>77</i>

Chapter 3 Hanging Ten: A Ride Through the Rendering Pipeline 79

Moving Cameras and Objects	<i>80</i>
Animating Objects	<i>85</i>
Checking Visibility and Performing Rough Culling.....	<i>86</i>

Selecting Level of Detail (LOD)	97
Converting Model Coordinates to the View Frame	98
Back Face Culling	102
Clipping	104
Setting Up the Vertex Buffer	104
Shading, Texturing, and Fog	106
Rendering	111
Summary	111
 Chapter 4 Basic 3D Objects	 113
Seeing to the Horizon: The Skybox	113
Traveling the Rolling Landscape	123
Populating the Landscape: Billboards	142
Adding Environmental Effects: Particle Systems	152
Summary	166
 Chapter 5 Complex 3D Objects	 167
Looking at Mesh Basics	167
Developing the Model Class	170
Summary	195
 Chapter 6 Camera: The Player's View of the World	 197
Looking Through the Lens	197
Summary	212
 Chapter 7 Adding Some Atmosphere: Lighting and Fog	 213
Shedding Some Light on the Subject	213
Piercing the Fog	230
Summary	232
 Chapter 8 Artificial Intelligence: Adding the Competition	 233
Looking at Our AI Options	233
Implementing the Artificial Intelligence System	237
Summary	280

Chapter 9 Game Audio: Let's Make Some Noise.....	281
Making Beautiful Music Together	281
Hearing in Three Dimensions.....	288
Summary.....	302
 Chapter 10 Game Physics: Keeping It Real	 303
Looking at Vehicle Dynamics.....	303
Summary.....	381
 Chapter 11 Tools of the Trade.....	 383
Setting Up Your Development Environment	383
Three-Dimensional Modeling Tools	385
Level Editors.....	387
Editing Images	388
Audio Tools	390
Summary.....	390
 Index.....	 391
